

Pay It Forward Aftermath Referral Program

The Pay It Forward Aftermath Referral Program (ARP) is our way of showing appreciation to partners who provide our information to families in a time of need. The program is designed for us to support the families and communities in which we both serve.

For each family that signs for Aftermath's services, we will donate funds to a charity of your choice. Alternatively, you can also elect to have your contribution be donated to the Aftermath Funeral Directors Scholarship Fund. The Aftermath Funeral Directors Scholarship is a need-based scholarship for students who are currently enrolled or will be enrolled in a mortuary program.

Pay It Forward Options:

Charity of Your Choosing - The donation will be made in the funeral home's name approx. 30 days after the family has signed for services.

Aftermath Funeral Directors Scholarship Fund - An annual nationwide need-based scholarship available to anyone who is currently or will be enrolled in a mortuary program. Scholarship applicants will be asked to provide an essay explaining why they feel called to funeral service as well as why they have chosen the mortuary program they have. Winners will be selected based on their essay as well as their level of need.

We will periodically email you to provide an update on how much has been contributed to your charity or scholarship fund. You will also receive an annual report laying out who the scholarship helped and which mortuary school they are attending.

Tell us how you want to Pay It Forward by filling out the form below or by going to our [online](http://bit.ly/PIF-ARP) (<http://bit.ly/PIF-ARP>) form.
