Aftermath Services Acquires Georgia-Based Biotrauma, Inc.

Trauma scene cleanup company to join Aftermath family for further expansion in Georgia and the Southeast Region

AURORA, IL, June 1, 2021— Aftermath Services, the Illinois-headquartered nationwide leader in biohazard remediation services, is proud to announce the acquisition of [Biotrauma, Inc.](#), a Georgia-based crime and trauma scene cleanup company that has been serving communities across the Southeastern region of the U.S. since 2005.

Biotrauma specializes in remediation and site cleanup for crime, trauma, and other biohazard incidents. With sensitivity and compassion in mind, they provide a customized solution aimed to restore each location to pre-incident conditions as quickly as possible. They aim to be thorough and efficient, drawing on their experience, and innovating where needed to help communities.

“We are proud to welcome Biotrauma, and its founder, Ryan Sawyer, into the Aftermath family,” said Doug Berto, CEO of Aftermath. “Not only do they provide services similar to our own and possess the same round-the-clock infrastructure, they truly care about the communities they serve, just as Aftermath does. We are very excited to provide heightened levels of care to families in Georgia and the Southeast who have been affected by tragedy.”

“I’m truly honored to join forces with Aftermath,” said Ryan Sawyer, Founder and CEO of Biotrauma. “After my service in the United States Marine Corps as a Mortuary Affairs specialist, I launched Biotrauma with one mission in mind – ‘No Man Left Behind’, with the sole focus of assisting families when they have been left behind after a tragic event. At Biotrauma, we strive to help families, with the highest level of respect to their situation, restore their lives (and homes) after tragedy strikes. As a leader in Southeast in the crime and trauma scene cleanup industry, we are enhancing our capabilities by joining the Aftermath family, and ultimately, serving more families in our community and beyond.”

For over 25 years Aftermath has provided professional and compassionate services to more than 30,000 families, communities, and businesses after traumatic events. The acquisition of Biotrauma will further Aftermath broaden its presence to more effectively serve families, businesses, and communities in Georgia and the entire Southeast region.

Dinsmore & Shohl LLP served as legal counsel to Aftermath on the transaction and Hulsey, Oliver & Mahar, LLP served as legal counsel to Biotrauma.
