Aftermath's Pay It Forward Program Awards Community Officer Morgan Royle with \$5,000 and 100 CV Safety Kits

AURORA, IL, June 9, 2020 -- On each Friday last month, Aftermath Cares' *Pay It Forward* program awarded up to 12 local heroes with CV Safety Kits for their organization or an organization of their choosing. These heroes come in many forms: community members, police departments, first responders, healthcare workers, and other essential workers who have been making a difference during the COVID-19 pandemic. Many of them have gone above and beyond the call of duty to curb the virus' spread and maintain optimistic spirits in their communities.

This year, Community Resource Officer [Morgan Royle](#) from the Saco Police Department in Maine has proven to be one such local hero. Through hard work and dedication, she's done many virtual visits and book readings for local school children, as well as meal deliveries, drive-by check-ins and more for other locals since the pandemic started.

To recognize her selfless contributions to the Saco community, Aftermath's *Pay It Forward* program is awarding her the **grand prize of \$5,000** along with 100 CV Safety Kits for her department, or an organization of her choice. Included in the safety kits are latex gloves, an N95 respirator mask, safety goggles, and a "Pay It Forward"-branded mask.

"We're very excited to award this year's grand prize to Officer Royle," says Tina Bao from Aftermath, "her positive influence within the Saco community has helped so many people during such a volatile, unprecedented time."

Officer Royle said it best herself in her submission video, "The positive part about this [coronavirus crisis] is more positive interaction with the community." You can view the full [submission video here](#).

About Aftermath Services LLC

As the nation's largest dedicated crime scene cleanup company, Aftermath routinely works alongside police and other first responders to provide high quality and compassionate trauma cleaning services to families and businesses. The Pay It Forward program was established to recognize the spirit of volunteerism embodied by our nation's first responders and to acknowledge them for their ongoing efforts to serve, protect, and improve the communities in which we both serve. For more information on [coronavirus disinfection services](#), trauma cleaning, or to learn more about the relationship between Aftermath and first responders, call 877-872-4339 or visit www.aftermath.com.
